Historically, liberalism has been more often complicit with white supremacy and racial injustice than an ally against them. Understandably, then, many progressives would look elsewhere for an emancipatory anti-racist political ideology. However, liberalism can be retrieved for a racial justice project, but it will take a radical rethinking of liberalism’s history and structure to carry out this task properly.

The GW Philosophy Department is proud to announce the 2015 Elton Lecture, featuring

**Dr. Charles Mills**

**LIBERALISM AND RACIAL JUSTICE**

Historically, liberalism has been more often complicit with white supremacy and racial injustice than an ally against them. Understandably, then, many progressives would look elsewhere for an emancipatory anti-racist political ideology. However, liberalism can be retrieved for a racial justice project, but it will take a radical rethinking of liberalism's history and structure to carry out this task properly.

**FRIDAY, NOVEMBER 20TH**

**4:00 PM**

**1957 E STREET NW, ROOM 214**

**LIGHT REFRESHMENTS WILL BE AVAILABLE**
